****NEW** NCRR Science Education Partnership Award (SEPA) (R25)**

WHAT: The National Center for Research Resources (NCRR) invites applications for Science Education Partnership Awards (SEPA) program whose goals are to foster the development of novel programs to improve K-12 and the general public's understanding of the clinical trial process as well as the health science advances stemming from National Institutes of Health (NIH) funded clinical and basic research. The SEPA program supports the creation of innovative partnerships between biomedical and clinical researchers and K-12 teachers and schools, museum and science center educators, media experts, and other interested educational organizations. Particular importance will be given to SEPA applications that target K-12 science educational topics that may not be addressed by existing science curricula, community-based or media activities. -NCRR encourages applicants to submit proposals that will educate the general public on the clinical trials process and of the safeguards provided for patients participating in these trials. NCRR also encourages proposals that target topics that may not be addressed in existing K-12 science education curricula or by other community and media activities. -This FOA will use the NIH Research Education (R25) grant mechanism.

WHO: Faith-based and community organizations are eligible to apply.

WHEN: Applications are due by November 29, 2006.

AWARD AMOUNT: Multiple awards up to \$250,000

HEALTH / SUBSTANCE ABUSE TREATMENT

Limited Service Area Competitions

WHAT: The Consolidated Health Center Program, as authorized by section 330 of the Public Health Service (PHS) Act, promotes the development and operation of community-based primary health care service systems in medically underserved areas and improves the health status of medically underserved populations. The purpose of this activity is to continue to support comprehensive primary and preventive health care service delivery to areas in Brooklyn, New York; St. Thomas, Virgin Islands; or Houston, Texas; where the existing section 330 grantee's continuation application was not approved. It is expected that each application submitted to serve one of these areas will represent a clear focus on maintaining access to care and reducing health disparities identified in the existing community and target population. All applicants are expected to demonstrate compliance with the requirements for the specific type of health center for which funding is requested. Requirements are found in section 330(e) of the PHS Act for Community Health Centers; section 330(g) for Migrant Health Centers; section 330(h) for Health Care for the Homeless Centers; and section 330(i) for Public Housing Primary Care Centers.

WHO: Faith-based and community organizations are eligible to apply.

WHEN: Applications are due by February 14, 2007.

AWARD AMOUNT: 3 Awards totaling \$2,066,600.

****DEADLINE CORRECTION MADE****

Rural Health Care Services Outreach Grant Program

WHAT: The Office of Rural Health Policy's Health Care Services Outreach Program encourages the development of new and innovative health care delivery systems in rural communities that lack essential care services. The emphasis of the grant program is on service delivery through creative strategies requiring the grantee to form a consortium with at least two additional partners. Programs funded have varied greatly and have brought care that would not otherwise have been available to at least 2 million rural citizens across the country. Through consortia of schools, churches, emergency medical service providers, local universities, private practitioners and the like, rural communities have managed to create hospice care, bring health check-ups to children, and provide prenatal care to women in remote areas.

WHO: Faith-based and community organizations are eligible to apply.

WHEN: Applications are due by October 18, 2006.

AWARD AMOUNT: 25 Awards totaling \$3,750,000.
